

Job Details

Job Description: Cooper Hotel Company is looking for an experienced leader to oversee the Preventative Maintenance operation at our **Hampton Inn & Suites** hotel, one of Atlanta, Georgia's leading convention and business hotels.

Job Responsibilities Include: We are owners/operators of Holiday Inns, Crowne Plaza, Baymont Inns, Garden Plazas, Hilton Hotels, Hilton Garden Inns, Homewood Suites, Hampton Inn & Suites, DoubleTree and now Embassy Suites. We offer outstanding opportunities for growth and advancement in addition to an excellent benefits program, which includes Health Insurance, 401K, credit union, vacation and much more.

At Cooper Companies, we believe in continuous improvement and surpassing our guests' needs by giving them more than is expected, and delivering a unique experience through our commitment to high standards.

The ideal candidate must be an experienced engineer who has operated & managed in an upscale hotel to include Preventative Guest Room and Commercial Maintenance, HVAC, Renovations, Loss Prevention, Energy Controls and Conservation, Electrical & Mechanical, Painting & Decorating, Plumbing, Landscaping, Kitchen Equipment, Vehicles, Elevators, Budgets, Forecasts, P&L Statements and Computer System Basics. Major franchise background required, Hilton Family experience preferred. We are looking for someone who knows the importance of training, coaching employees, and is a hands-on operator to oversee and strategically coordinate the process of preventative and reactive maintenance, where guest's experiences & satisfaction scores are the key to our success.

The Chief Engineer plays a vital role in the hotel's Executive Committee, and provides valuable insight and information into the customer's perspective as the Team's determine how to best serve our customers as well as ownership.

Experience / Skills Needed: Excellent oral and written communication skills.
Knowledge of Budgeting and Profit & Loss Statements
Excellent organization skills.
Ability to work well under pressure and meet deadlines.
Strong interpersonal skills and possession of a full understanding of professional business ethics, decorum and social skills.
Proficient in use of Microsoft Word and Excel
Appropriate professional appearance and demeanor.
Comprehension of technical application of all building systems.
Working knowledge of OnQ and Hilton systems preferred.
Demonstrates self-confidence, energy and enthusiasm.
Ability to deliver presentations in a concise well-organized manner.
Team Player.
Detail-oriented.
Manages time well - correctly prioritizes and is flexible.

Combination of education, training and practical experience that provide required knowledge, skills, and abilities. Professional engineering certifications and/or Journeymen's degree a plus.

Minimum two (2) years experience as a Chief Engineer in a limited/focused service environment or an Assistant/Supervisory role in a large full service property.

Must exhibit a neat, clean and well-groomed appearance at all times.
